

## POSSE KILLS MURDERERS

**Outlaws Shoot Railroad Detective  
Swift Retribution.**

**Officers Follow Desperadoes, Bringing  
Them Down With Hail of Bullets.  
Member of Posse Receives Slight  
Wound in Foot During Affray.**

Winfield, Kan., July 12.—C. S. Calhoun, of Kansas City, an Atchison, Topeka & Santa Fe Railway detective, was shot and instantly killed at Cedarville today by two outlaws, who were shot down later by a posse of citizens at Hewins, seven miles from Cedarville, close to the Oklahoma state line. One of the outlaws, Ed. Madigan, of Ponca City, Okla., was instantly killed by the posse. The other, William Chadburn, of this city, was fatally wounded. The outlaws exchanged shots with the posse. During the exchange J. M. Pope, a merchant, was shot through the foot, and a woman named Malone was struck in the leg by a stray bullet.

Madigan and Chadburn held up and robbed six traveling men at the Briton Hotel, at Winfield, on Saturday night last and escaped. At Centerville last both of the outlaws on the street. Not being positive of their identity, Calhoun secured the city marshal and one of the traveling men who were robbed, and the three started in a carriage in search of the two men.

Early today they drove past the men in a side street. The traveling man identified them, and the trio in the carriage were just in the act of making a stand when either Madigan or Chadburn, opened fire. Calhoun was shot through the heart and the outlaws made their escape temporarily.

The town was aroused. The outlaws secured two horses and started for Hewins. While a posse was gathering at Cedarville, word was wired ahead to Hewins, where the deputy sheriff quickly gathered a score of armed men about him. Within two hours the outlaws rode up to a hardware store at Hewins,

secured a rifle and a revolver and started out of town on a gallop. Just as Madigan and Chadburn were leaving the main street the posse opened fire from the protection of a store. The robbers returned the fire and a lively fusillade ensued. Finally Madigan fell from his horse, dying almost instantly. Another bullet soon brought Chadburn to the ground, shot through the bowels.

During the exchange of shots, J. M. Pope, a member of the posse, received a slight wound in the foot, and a Mrs. Malone, who had been attracted to the scene by the firing, was shot in the leg. Her wound is not serious. Madigan's body was taken to Cedarville, and Chadburn was placed in the hospital, where it is said he can not live.

Madigan and Chadburn were each under 30 years of age. Chadburn had served time in the Kansas penitentiary for robbery. Nothing is known of Madigan Calhoun was 40 years old.

### TO BUILD CUTOFF.

**Henderson-Springfield Line, With Bridge  
Across the Willamette.**

Portland, July 11.—What is known as the Springfield-Henderson cutoff, a project which has been under consideration for years by the Southern Pacific, is to be built. A decision to that effect has been arrived at this week, and work is to start immediately. It is estimated the undertaking will entail an expenditure of approximately \$150,000.

The cutoff will connect the east side division of the Southern Pacific system a short distance south of Eugene. The new line will be but a mile and twelve hundredths in length, but the Willamette river must be bridged, and this will prove decidedly expensive. The main line passes through Henderson and the branch from Woodburn extends south through Springfield to Natron. The cutoff will enable passengers from points between Woodburn and Natron to reach Eugene and other main line points without difficulty, and will greatly facilitate the company's business in the handling of trains. It is expected that a much better West Side train service will follow.

The road has planned to spend a large amount of money on the Willamette valley lines this year. The first project started was the St. Joseph cutoff, where grading is now well under way, and that work, like the Springfield-Henderson undertaking, is to be pushed ahead as fast as possible.

## MEDALS FOR SALMON

**Two Astoria Canneries Recognized  
at St. Louis.**

### AWARDED THE GOLD MEDALS

Two Astoria salmon packing concerns have been awarded medals for their exhibits of the canned product at the Louisiana Purchase exposition. G. W. Sanborn of the Sanborn-Cuttini packing company has been advised that his concern was awarded three gold medals for its display of canned salmon and an additional medal for the exhibit of Columbia river shad. Secretary Nelson of the Union Fishermen's co-operative packing company was also advised by the St. Louis exposition officials that a medal had been awarded his company for the display of canned salmon.

Bully for Astoria. Such recognition explodes the theory among people of contiguous communities that Astoria is not on the map. Astoria is on the map and covers considerable more territory than most persons, referring in particular to Portlandites, Seattleites and various other "ites," are wont to admit. Astoria is going to cover a great deal more territory.

These awards are gratifying in the extreme and while they induce elation among the recipients, they mark but the beginning and when compared with the recognition that is to follow will be presented as unimportant. There will be other expositions, many of them. In fact, two are scheduled to occur this year, one at Christchurch, New Zealand, and one at Belgium. Next year at Milan, Italy, will occur one of the greatest of world's fairs, speaking from an esthetic standpoint. In 1907 an exposition is scheduled for Jamestown, Virginia. There is talk of an exposition at New York in 1909. Los Angeles proposes one for 1911 and one is assured for San Francisco in 1913. Several expositions are being planned for the intervening years but as yet these plans are rather inchoate. If realized the exhibit events will take place in Holland, Mexico and the Argentine republic.

The opinion prevails that the World is being favored with a superfluity of expositions, that they represent only the futile expenditures of fabulous sums. People who have given the subject of exhibit events careful study take exception to this popular belief. Expositions are peculiar things. That they are beneficial is an established fact. It is only necessary to follow the operations of large manufacturers; they maintain corps of men for the special purpose of assembling and superintending the installation of costly displays at nearly every exposition that occurs. Were it not for the fact that the benefits can be delineated with a degree of exactitude, these manufacturers would not persist in maintaining their exhibits.

So far as the good expositions accomplish for communities is concerned, the benefits materialize through many channels and are difficult to trace. The most productive accrue to sections contiguous to the territory in which the exposition is held. There are some who can trace the virtues of expositions and these insist that expositions have come to stay, the business of planning and conducting expositions has become a profession.

With all these things considered and recalling that Astoria has already been recognized, not only at the St. Louis exposition, but at its predecessors it is worth the while of the city's industrial representatives to send creditable displays to all expositions, so far as it is practicable. Such exhibits must attract attention. The recognition from the boards of awards is the smallest benefit that will result. The bettering of trade relations is the goal, the introduction of Astoria's products within the confines of every country in the world.

### NATURE TELLS YOU.

**As Many an Astorian Reader Knows  
Too Well.**

When the kidneys are sick,  
Nature tells you all about it.  
The urine is nature's calendar.  
Infrequent or too frequent action;  
Any urinary trouble tells of kidney ills.  
Doan's Kidney Pills cure all kidney ills.

E. E. Miner, stone mason, of 452 East Taylor street, Portland Ore., says: "I would never hesitate to recommend Doan's Kidney Pills. This remedy did so much for me that I wish every other sufferer from kidney trouble might know of it. I was subject to attacks of kidney complaint for eight or nine years. There was continual irregularity of the kidney secretions which showed a sediment like brick dust and passages were

accompanied with the sensation of scalding. My back ached continually and was always worse if my work brought any strain on the back. I tried different remedies recommended for this trouble but found little or no benefit. At length I saw Doan's Kidney Pills advertised and got a box. They stopped the backache and healed the kidneys so that the secretions were rendered normal. I have induced several other people to try Doan's Kidney Pills and know of many instances in which they have done the same satisfactory work."

Plenty more proof like this from Astoria people. Call at Chas. Rogers' drug store and ask what his customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

### OPERATORS DO NOT STRIKE.

**Rumor That Disagreement Between Oper-  
ators and Railways is Settled.**

Sopkane, July 12.—No operators have gone on strike here either in the railway or commercial offices. Dispatchers are waiting instructions from headquarters. About the Northern Pacific offices there is a rumor tonight that the difficulty between the road and its operators has been settled.

### "Solo" Gordon Here.

W. W. Gordon, representing Fisher, Thorsen & Co., is in the city. Gordon is supposed to be one of the best solo players in the Northwest. When he can be inveigled into a game. His luck derided him the other day when, after an exciting game of several hours he lost two bits to the irrepressible Tom Coleman.

### Sunday Excursion to North Beach.

The Iwaco Railway and Navigation Company are selling round trip tickets every Sunday from Astoria to all cotta, at a rate of one dollar for the points on Long Beach, including Nab-round trip.

**Electric Face Massage and Scalp  
treatment: five expert barbers. Baths.

We have the White Duck hats which are all the go just now.

### Wash Skirts

At prices less than you can make them for. They must go before our fall goods arrive.

## SEATTLE GIVES UP

**Agitation To Move Lighthouse  
Tenders To Sound Ends.**

### COLUMBINE IN FROM NORTH

**Will Prepare for Trip to Southeastern  
Alaska. Heather Will Begin Loading  
Supplies for a Trip to Sound Aids to  
Navigation.**

The efforts made on the sound to have Seattle designated as the headquarters for the lighthouse tenders of this district, the Thirteenth, have been attended with failure, and the hustling residents of Seattle have given up the proposal in despair. The lighthouse tenders spend a large sum of money, and over on the sound the desire to get this plum away from Astoria was deep rooted. All sorts of schemes were tried, but the department could not see where the change would result in benefit, and has rejected all the advances made in this direction. Finally the knockers became discouraged, and, after one last effort recently, gave up the effort.

The three lighthouse tenders are now in port together for the first time in some months. The Columbine arrived yesterday from Port Orchard, where she has been undergoing repairs. Her house has been altered and other improvements made. She will at once prepare for a trip to southeastern Alaska, which will occupy several weeks of her time. One new station has been established at Eldridge Rock, some 60 miles below Skagway and the Columbine will take north boats and supplies for this station. Her trip will occupy two or three weeks. The Manzanita arrived down yesterday from Portland, where some work has been done on her boilers.

Oriental liner Aragonia is due to arrive in this morning.

Steamer Dispatch is due to arrive from San Francisco via Shelter Cove, with a cargo of tanbark and general merchandise. She will load lumber for a return cargo.

Steamer W. H. Kruger is due to arrive during this morning and will leave out during the day for San Francisco.

Tug Wallula will leave for Portland on July 16 for the purpose of being converted into an oil burner. The work will require about six weeks. During the absence of the Wallula the Tatoosha will be in commission.

Lord Duns-muir's private steam yacht, Thistle, which mariners will recognize as a fair sister to the famous W. H. Harrison, arrived down yesterday in charge of Capt. W. A. Bisset. She left out later for Victoria. Sir John Duns-muir and party returned home overland.

### TROOPS EN ROUTE.

**Oregon National Guard Will Pass  
Through Here Today.**

The Third Infantry and the First Separate Battalion, U. S. A., will pass through here this morning en route to Gearhart where tents will be pitched at Camp Lewis and Clark this afternoon. Colonel C. U. Gantenbein, who will be in charge of the contingent, selected this name as the most fitting that could be chosen and in the orders he has prepared for the camp government he states: "In recognition of the distinguished services rendered the state and Nation by Captains Lewis and Clark, U. S. A., the camp will be named Camp Lewis and Clark."

### Baseball Scores.

San Francisco, July 12.—Los Angeles, 3; Oakland 1.  
Seattle, July 12.—Seattle, 0; San Francisco, 2.  
Tacoma, July 12.—Tacoma, 6; Portland, 0.

## In Summer Suits

We offer neat, snappy patterns at  
**\$10.00 to \$18.00**

## P. A. STOKES

The Dressy Shop for Dressy Men.

### Earliest Newspaper.

The first daily newspaper was a manuscript letter written by salaried correspondents and forwarded by them every twenty-four hours from London to the provinces. That was in the days of the early Stuarts. During the Commonwealth these letters were printed in type and circulated in large numbers. Even so long ago as 1680 the law of libel was such as to be characterized by Judge Scroggs as making any newspaper publication illegal and tending to provoke a breach of the peace.

### As Compared.

Mum—Cheer up, old man, and don't be so melancholy! You remind me of Jonah.

Glumm—Remind you of Jonah?  
Mum—That's what I said. He was down in the mouth, you know.—Chicago News.

### Trifles.

"Bilgins believes that trifles may count for a great deal in this life."  
"Yes," answered Miss Cayenne; "I have observed that he attaches vast importance to his own opinions of things."—Washington Star.

### A Matter of Necessity.

Mrs. Hatterson—What made you resign your position as secretary of the literary society?

Mrs. Catterson—Why, I was so busy taking minutes that I couldn't hear the gossip.—Trib.

It will pay you to trade with us.
